Research Papers

Application of the SHE to catchments in India. Part 1. General results
J.C. Refsgaard, B. Storm, G.H. Jørgensen (Hørsholm, Denmark), S.M. Seth, S. Chandra (Uttar Pradesh, India), J.C. Bathurst (Newcastle-upon-Tyne, UK) and M. Erlich (Echirolles, France) . . . 1

Application of the SHE to catchments in India. Part 2. Field experiments and simulation studies with the SHE on the Kolar subcatchment of the Narmada River
S.K. Jain, R.D. Singh (Uttar Pradesh, India), B. Storm, J.C. Refsgaard (Hørsholm, Denmark) and J.C. Bathurst (Newcastle-upon-Tyne, UK). . . . 25

The 'principal components' statistical method as a complementary approach to geochemical methods in water quality factor identification; application to the Coastal Plain aquifer of Israel
A. Melloul and M. Collin (Tel Aviv, Israel) . . . 49

Formation of saline groundwaters in the Baltic region through freezing of seawater during glacial periods
A. Bein and A. Arad (Jerusalem, Israel). . . . 75

Origin and age of thermal waters in Cieplice Spa, Sudeten, Poland, inferred from isotope, chemical and noble gas data
W. Ciężkowski, P.M. Leśniak (Wroclaw, Poland), M. Gröning (Heidelberg, Germany), S.M. Weise (Neuherberg, Germany) and A. Zuber (Cracow, Poland) . . . 89

The seasonal variation of streamwater chemistry in three forested Mediterranean catchments
J. Piñol, A. Ávila and F. Rodà (Barcelona, Spain) . . . 119

Storm solute behaviour in a montane Mediterranean forested catchment
A. Ávila, J. Piñol, F. Rodà (Barcelona, Spain) and C. Neal (Wallingford, UK) . . . 143

Stable hydrogen and oxygen isotope studies of rainfall and streamwaters for two contrasting holm oak areas of Catalonia, northeastern Spain
C. Neal, M. Neal, A. Warrington (Wallingford, UK), A. Ávila, J. Piñol and F. Rodà (Barcelona, Spain) . . . 163

Nutrient concentration patterns in streams draining alpine and subalpine catchments, Fraser Experimental Forest, Colorado
R. Stottlemyer (Houghton, MI, USA) and C.A. Troendle (Ft. Collins, CO, USA) . . . 179

Generation of multivariate autoregressive sequences with emphasis on initial values
T.A. Ula (Ankara, Turkey) . . . 209

An artificial recharge experiment in the San Jacinto basin, Riverside, southern California
T.-C. Lee, A.E. Williams (Riverside, CA, USA) and C. Wang (Los Angeles, CA, USA). . . 235

Flow against dispersion in two-dimensional regions
M.M. Aral and Y. Tang (Atlanta, GA, USA) . . . 261

Hydrogeologic controls on peatland development in the Malloryville Wetland, New York (USA)
J.P. McNamara, D.I. Siegel (Syracuse, NY, USA), P.H. Glaser (Minneapolis, MN, USA) and R.M. Beck (Freeville, NY, USA). . . . 279

Pollution-related acidification in the urban aquifer, Birmingham, UK
M. Ford, J.H. Tellam and M. Hughes (Birmingham, UK). . . . 297

Sediment delivery on rill and interrill areas
J.E. Gilley (Lincoln, NE, USA), D.C. Kincaid (Kimberly, ID, USA), W.J. Elliot (Columbus, OH, USA) and J.M. Laflen (West Lafayette, IN, USA) . . . 313

Isotope hydrological study of mean transit times in an alpine basin (Wimbachtal, Germany)
P. Maloszewski, W. Rauert, P. Trimborn (Neuherberg, Germany), A. Herrmann (Braunschweig, Germany) and R. Rau (Munich, Germany) . . . 343

Experimental stream acidification — the influence of sediment and streambed vegetation
R.C. Ferrier, R.G. McMahon, T.A.B. Walker, A.C. Edwards (Aberdeen, UK), R. Harriman and D. King (Pitlochry, UK) 361
A comparison of the toluene distillation and vacuum/heat methods for extracting soil water for stable isotopic analysis
N.L. Ingraham and C. Shadel (Las Vegas, NV, USA) 371

Technical Note
An improved numerical implementation of Calder's stochastic model of rainfall interception — a note
R.L. Hall (Wallingford, UK) 389

Book Reviews
Applied Groundwater Modeling — Simulation of Flow and Advective Transport 393
Water Resources Engineering Risk Assessment 394

Announcement 397
